

GRASSROOTS MOVEMENT

Our goal is to establish recycling outlets for consumer collection beyond traditional grocery store drop off by removing hurdles that prevent organic growth of local plastic bag/film recycling initiatives.

HOW DOES NEXTREX WORK?

- ✓ Become a centralized drop off location for recycling polyethylene films
- ✓ Trex provides a rebate for baled recyclable films
- ✓ Trex provides upfront financing for a baler or discussion of supplemental backing
 - All or a portion of the rebate pays for the financing of the baler
 - After the baler is paid for, your organization begins to receive full compensation for film
 - Standard bale weight is 750 - 1,000 lbs.
 - Material needs to be stored in a dry location
- ✓ Transportation is provided by Trex at no cost to you
 - 53' trailer that holds a minimum of 40 bales
 - Full or combo load pick-up available

Ability to house and operate baler

750 - 1,000 lb. bale

Trex provides 53' trailer for transportation
